

**Year 12 A Level Computer Science Curriculum road map
2022-2023**

Term 6

Topics learnt:

1. Programming project

Term 4

Topics learnt:

1. Graphical programming
2. Rapid application development
3. Testing programs

Term 5

Topics learnt

1. Programming project

Term 3

Topics learnt:

1. Data structures
2. Mock programming project

Term 1

Topics learnt:

1. Search algorithms
2. Sorting algorithms
3. Programming techniques
4. Functions and procedures

Term 2

Topics learnt:

1. Constructing algorithms
2. Data structures
3. Integrated development environments
4. Memory
5. Assembly language
6. OOP
